2011 Annual Report to the School Community

Portland Secondary College
School Number: 8798

Portland Secondary College

We aim to develop each student socially, physically and academically in a safe, caring environment. We provide a wide range of co-curricular programs to support students to meet those challenges. An emphasis on welfare and wellbeing; strong transition and mentoring programs aim to assist our students' development. Leadership and enrichment programs offer students a range of opportunities to enable access to pathways beyond the classroom. Supportive leadership, a high level of staff morale and commitment and parent support leads to quality outcomes. The College's performance in VCE and VCAL is at expected level.

Through our Performance and Development Culture we focus on increasing capacity of all staff. Funding has been used to build teacher capacity in Numeracy Coaching Initiative. This school has 76.4 equivalent full time staff: 3 Principal class, 58 teachers and 29 Education Support staff.

Partnerships with parents and community underpin goals to support student learning and engagement. We celebrate achievements of students and regularly report to parents. We are strengthening academic programs and pathways options through: completing the rollout of NSSCF netbooks to Years 9-12 students; development of new programs e.g. Re-engagement Program; Trade Training Centre construction commenced; and broadening VET choices.

Student Learning	Student Engagement and Wellbeing	Student Pathways and Transitions
<p>PSC is especially proud of our VCE results which have shown a 4-year trend higher than other schools, and are currently at expected level, taking in to account background characteristics. Teacher assessments against the VELs show a significant proportion of students are working at or above their expected standard.</p> <p>Our Literacy and Numeracy programs allow us to individualise support for students, enabling student learning progress. All Program for Students with a Disability (PSD) students showed progress at satisfactory or above in achieving their individual goals, and VELs.</p> <p>To further improve student results we are utilising a number of strategies including a Peer Observation program for staff; Teacher Professional Leave action research focusing on Literacy; targeted Numeracy and Literacy Assistance Programs for students; senior school tutoring; the development and implementation of a curriculum structure with larger blocks of instructional time; the use of ICT self-paced oral literacy and spelling programs, and mathematics programs; a strong Year 7-9 Inquiry-Based Curriculum; the further alignment of Year 10 in to the Senior School programs.</p>	<p>PSC is performing at a similar level and is in the middle band of Victorian government secondary schools in relation to attendance and students having a sense of belonging and connectedness to school. A key focus for the whole College community is the ongoing development of student engagement and wellbeing programs including Restorative Practices. While overall student attendance approximates the State average, we have a focus on addressing the issue of improving attendance through regular parent newsletters inclusive of It's Not OK to be Away initiatives; Senior School Mentoring; and a review of Pastoral Care Programs. Opportunities for students' leadership and development include the Student Representative Council, Advance, Motor Heads, Getting Gorgeous, the Alpine School, debating, public speaking, sport, music, drama, the Arts, and Sustainability. The development of Individual Learning Plans in collaboration with students and parents; focus on high expectations and consistency across classrooms; the Wannik tutorial program and the further development of Student Welfare links with Community Services and the continuation of a re-engagement program are all being implemented to improve engagement and wellbeing.</p>	<p>Student Pathways and Transitions shows PSC at higher than median score for students exiting to further studies and full-time employment. Student retention from Years 7 to 10 is below to the state median and we have now established a Re-engagement Program to help address this.</p> <p>We have a number of programs in place to support the transition into, through and beyond our school: the Year 7 Flying Start Initiative incorporating a program for students at risk of not successfully engaging in secondary school; Managing Individual Pathways planning beginning Years 8 and 9; Senior School Orientation for all Year 10 students; Course Information Evenings; Tertiary Tours; Work Experience; TAFE Taster programs; Careers Information, and extensive VCE, VET and VCAL options. The College is a Registered Training Organisation and has a Trade Training Centre under construction, in partnership with other schools and community-based service providers. Student Pathways' planning is supported by termly reporting to parents and includes the adoption of Personal Learning Plan sessions.</p>

Portland Secondary College

How this school compares to all Victorian government schools

Key:

Range of results for the middle 60% of Victorian government schools: 

Result for this school:  Median of all Victorian government schools: 

This page provides the overall picture of this school's performance in the past year. The following pages provide more detail on each of these measures.

Overall Measures

Student Outcomes

School Comparison

1. Student Learning

Combining teacher assessments from the Victorian Essential Learning Standards (VELS), the results from the National Assessment Program – Literacy and Numeracy (NAPLAN) tests and the Victorian Certificate of Education (VCE).

2. Student Engagement and Wellbeing

Combining student attendance rates and results from the annual student *Attitudes to School* survey.

3. Student Pathways and Transitions

Combining the number of students remaining at school through to Year 10 and students going on to further study or full-time employment from Years 10 to 12.

School Profile

- Average level of parent satisfaction with the school, as derived from the annual *Parent Opinion* survey. The score is reported on a scale of 1 to 7, where 7 is the highest possible score.

- Average level of staff satisfaction with the school, as derived from the annual *Staff Opinion* survey. The score is reported on a scale of 1 to 5, where 5 is the highest possible score.

- Overall socio-economic profile

Based on the school's Student Family Occupation index which takes into account parents' occupations.

- Proportion of students with English as a second language

- 716 students (319 female, 397 male) were enrolled at this school in 2011.

For more information regarding this school, please visit www.vrqa.vic.gov.au/sreg

Result for this school:  Median of all Victorian government schools: 

Student Learning

4. Teacher assessments from the Victorian Essential Learning Standards (VELS)

Percentage of students in Years 7 to 10 with a grade of C or above in:

- English and Mathematics
- All other subjects

The grades are the same as those used in your child's end of year report.

A 'C' rating means that a student is at the standard expected at the time of reporting.

Student Outcomes

Results: English and Mathematics 2010

Results: English and Mathematics 2007 - 2010 (4-year average)

Results: All other subjects 2010

Results: All other subjects 2007 - 2010 (4-year average)

School Comparison

5. NAPLAN Year 7

Average score achieved on the NAPLAN Reading and Numeracy tests conducted in May each year.

Year 7 assessments are reported on a scale from Bands 4-9.

Bands represent different levels of achievement. For Year 7, the National Minimum Standard is at Band 5.

Results: Reading 2011

Results: Reading 2008 - 2011 (4-year average)

Results: Numeracy 2011

Results: Numeracy 2008-2011 (4-year average)

Being the first year of secondary school, Year 7 NAPLAN is not used for the School Comparison.

6. NAPLAN Year 9

Average score achieved on the NAPLAN Reading and Numeracy tests conducted in May each year.

Year 9 assessments are reported on a scale from Bands 5-10.

Bands represent different levels of achievement. For Year 9, the National Minimum Standard is at Band 6.

Results: Reading 2011

Results: Reading 2008 - 2011 (4-year average)

Results: Numeracy 2011

Results: Numeracy 2008-2011 (4-year average)

Key:

Range of results for the middle 60% of Victorian government schools: 

Result for this school:  Median of all Victorian government schools: 

Student Learning

7. Victorian Certificate of Education (VCE)

Mean study score from all VCE subjects undertaken by students at this school.

This includes all Unit 3 and 4 studies (including those completed in Year 11) and any VCE VET studies awarded a study score. The maximum student study score is 50 and the state-wide mean (including government and non-government schools) is set at 30.

Percent of students in 2011 who satisfactorily completed their VCE: 83%

Percent of Year 12 students in 2011 undertaking at least one Vocational Education and Training (VET) unit of competence: 36%

Percent of VET units of competence satisfactorily completed in 2011: 66%

Percent of Victorian Certificate of Applied Learning (VCAL) credits satisfactorily completed in 2011: 72%

How to read the Government School Performance Summary 2011

The Government School Performance Summary provides an overview of how this school is performing, and how it compares to all other Victorian government schools.

All schools acknowledge the partnership and support of their parents and the community in working together to improve outcomes for children and young people.

By sharing this information with the community, our goal is to identify where we need to improve and to work together to achieve excellence in every school.

The **first page** outlines what your school is doing to improve its results.

The **second page** summarises your school's performance.

The **third and fourth pages** provide a detailed breakdown of each of the result areas.

What are student outcomes?

Student outcomes show the achievements of students in this school in English, Mathematics and other subjects. They also show results in national literacy and numeracy tests and, for secondary colleges, the Victorian Certificate of Education (VCE) examinations. They provide important information about student attendance and engagement at school.

For secondary colleges, the Government School Performance Summary also provides information about how many students at this school go on to further studies or full-time work after leaving school.

You can see these results for the latest year, as well as the average of the last four years (where available).

The Government School Performance Summary also allows you to compare student outcomes for students at this school with the outcomes of students in all other Victorian government schools.

What is a *School Comparison*?

The *School comparison* is a way of comparing school performance that takes into account the different student intake characteristics of each school.

A *School comparison* takes into account the school's academic intake, the socio-economic background of students, the number of Indigenous students, the number of non-English speaking and refugee students, the number of students with a disability, and the size and location of the school.

The *School comparison* measures show that most schools are doing well and are achieving results that are '**similar**' to what we would estimate given the background characteristics of their students.

Some schools are doing exceptionally well with the students they have, and have '**higher**' performance.

Some schools have '**lower**' performance after taking into account their students' characteristics – these schools will receive targeted support to ensure that there is improvement.

Looking at both the student outcomes and school comparisons provides important information about what a school is doing well and the areas that require further improvement.

More information on school comparison performance measures can be found at: www.education.vic.gov.au/aboutschool/schoolreports

What is the meaning of '*Data not available*'?

For some schools, there are too few students to provide data. For other schools, there are no students at some levels, so school comparisons are not possible. Newly opened schools have only the latest year of data and no averages from previous years. The Department also recognises the unique circumstances of Specialist, Select Entry, English Language and Community Schools where school comparisons are not appropriate.

What is this school doing to improve?

All schools have a plan to improve outcomes for their students. The '*What our school is doing*' statement provides a summary of this school's improvement plan.

Financial Performance and Position

Portland Secondary College

Financial Performance – Operating Statement Summary for the year ending 31st December, 2011		Financial Position as at 31st December, 2011	
Revenue	2011 Actual	Funds Available	2011 Actual
Departmental Grants	\$2,331,255	High Yield Investment Account	\$880,516

Capital Expenditure	\$93,117		

Please note that the above amounts do not include any credit revenue or expenditure allocated or spent by the school through its Student Resource Package

Financial performance and position commentary

Portland Secondary College Council would like to present our Financial Summary for 2011.

In 2011 the College was in receipt of National Secondary Schools Computer Funds (NSSCF) of \$291,000 to purchase Netbooks for students in Years 9-12. Expenditure also included \$327,607 for the Technical Support in Schools Program (TSSP), \$296,159 for general consultancy for the Portland-Heywood Trade Training Centre (P-H TTC), and \$124,125 for TAFE fees.

Funding for the Teaching and Learning Numeracy Coaching Initiative was supplemented by the College's Numeracy Assistance Program, where a full time coach and a full time tutor were employed.

Financial commitments for the College include a portion for Co-operative Loan repayments for 2012 of \$10,000 (the loan will be finalised in September 2012), \$86,299 cluster funds for the Portland-Hamilton TSSP, and capital funds for the P-H TTC.

Planned projects for 2012 include relocating the Re-Engagement Program to larger premises, and the completion of construction of the P-H TTC (DEEWR grant).
