

YEAR 9 SUBJECT PLANNING PAGE

In order to make some smart choices about future subject selections all Year 8 students need to do five things.

1. Download onto your device the Year 9 2022 Course Selection Handbook (available from August the 2nd) and read through it.
2. Whilst not compulsory you might like to watch the Subject Selection Video for Year 10 as it might help you make some choices about Year 9. This video will be released on Compass on the 9th of August.
3. Complete the questions on this page prior to making your Course Selections.
4. Discuss your choices with your mentor.
5. Complete your subject selections for 2022 online using the details you will be given by your mentor after you have had a discussion.

Name : _____ Mentor Group : _____

Please complete this activity:

My favourite subject is _____ because _____

Careers I am interested in and the reasons why they interest me

My passion is _____

In Year 9 I understand I will complete the subjects of English, Maths, Science, Health and Physical Activity and either Humanities or Humanities/Indonesian

My Humanities choice is: _____

The Arts:

1. _____
2. _____
3. _____
4. _____

Pathways:

1. _____
2. _____
3. _____
4. _____

Technology:

1. _____
2. _____
3. _____
4. _____

NB: if you choose Digital Illustration you need to collect an IT code from the IT department. This ensures you have a working device capable of participating in this subject.

I have discussed this plan with my parents.

Student Signature : _____

Parent Signature : _____

Show this sheet to your mentor who will then give you your subject selection code and instructions to enable you to complete your selections online.
